JOSUE CONTRERAS
Customer Service

Josue was born in Honduras and came to this country with his family in 2002. He graduated from Wheaton High School and currently lives in Rockville. Josue began working at the Market in October 2015 and has served us well in customer service ever since.

Josue's favorite sports are volleyball and softball (as a player) and soccer (as a spectator). In his free time he enjoys outdoor activities such as hiking. Strangely enough, he does not like to eat much seafood and his tastes run more toward lasagna, hamburgers and Peruvian chicken. Junior is hard at work trying to change that!

The staff at the Market lovingly refers to Josue as our 'Chia Pet'. If you ever saw him without his River Falls baseball cap restraining his prodigious head of hair you would understand why! Come in and say hello to Josue. He's ready to offer you a great customer experience.
